NAMTAU AND NEIGHBOURING PARTS STILL IN THE CHINESE HANDS

Shehow Customs Station Carrying On As Usual

A REPORT PUBLISHED IN AN EVENING PAPER YESTERDAY TO THE EFFECT THAT NAMTAU HAD BEEN RETAKEN BY JAPANESE WAS CONTRADICTED BY INFORMATION REACHING HONGKONG LATE LAST NIGHT FROM RELIABLE CHINESE SOURCES. The town and the neighbouring parts, which were re-occupied by Chinese troops after the Japanese withdrawal on Monday, were stated to be still in Chinese hands.

The news that the Japanese had set fire to the town after their entry was also stated to be untrue.

PUPPET CONFERENCE

Village Elders Refuse To Attend

From Our Own Correspondent
SHUMCHUN, Feb. 25.—The refusal of the village elders to send representatives to Tai ping to attend the Japanese puppet conference is the reason given for the savage raid by the Japanese troops upon Namtau to-day. The town was set on fire at several points by the raiders who have not yet withdrawn.

A certain village elder is being closely watched by the local populace as he is supposed to have established contact with the Japanese and offered to become a puppet. The fact that his family has already evacuated to another district is alleged to be the only reason deterring him from coming out openly.

Calm has now been restored to Shumchun Market and people are beginning to go about their daily business. Magistrate Leong reports that a constant watch is being maintained for the approach of the Japanese who are being combatted by Chinese troops in the region of Cheungmuktau.

SPAIN TRUCE REPORTS DISCREDITED

LONDON, Feb. 24 (Reuter).—Reports of last minute attempts by the French and British Governments to bring about a truce in Spain before granting recognition to Franco are discredited in authoritative British circles and it is freely stated that recognition is only a matter of two or three days and, as far as Britain is concerned it is felt that no useful purpose would be served by trying to set conditions on the recognition.

FORTY DEAD BODIES RECOVERED

Forty civilians have so far been found to have been killed on the Chinese side of Shumchun as a result of the Japanese ruthless bombing raid on Tuesday, according to Col. Loong Tze-yu, Police Chief of Shumchun. It is feared that when the debris is cleared away, more dead will be found.

Mr. Hsu Shih-ying, acting-Chairman of the National Relief Commission, again visited Shumchun yesterday to comfort and relieve the refugees.

GROWING POWER OF SOVIET FLEET

MOSCOW, Feb. 24 (Reuter).—The Soviet Fleet celebrated its coming-of-age yesterday evening. All newspapers eulogize its growing power. "Izvestia" announces the forthcoming launching of a "new powerful ship" as proof of the efficiency of the Soviet dockyards.

M. Frinovsky, Commissar of Naval Affairs, writing in "Pravda" says that in recent years Russian yards had built and equipped many new warships better than the ships of imperialist fleets.

"Our shipbuilding industry has already learned to build ships of all classes and is handing them to the navy in big groups. By the end of 1942 the Russian Navy will be reinforced by powerful big ships with long-range guns. Naval aviation will receive new perfect planes," adds the Commissar.

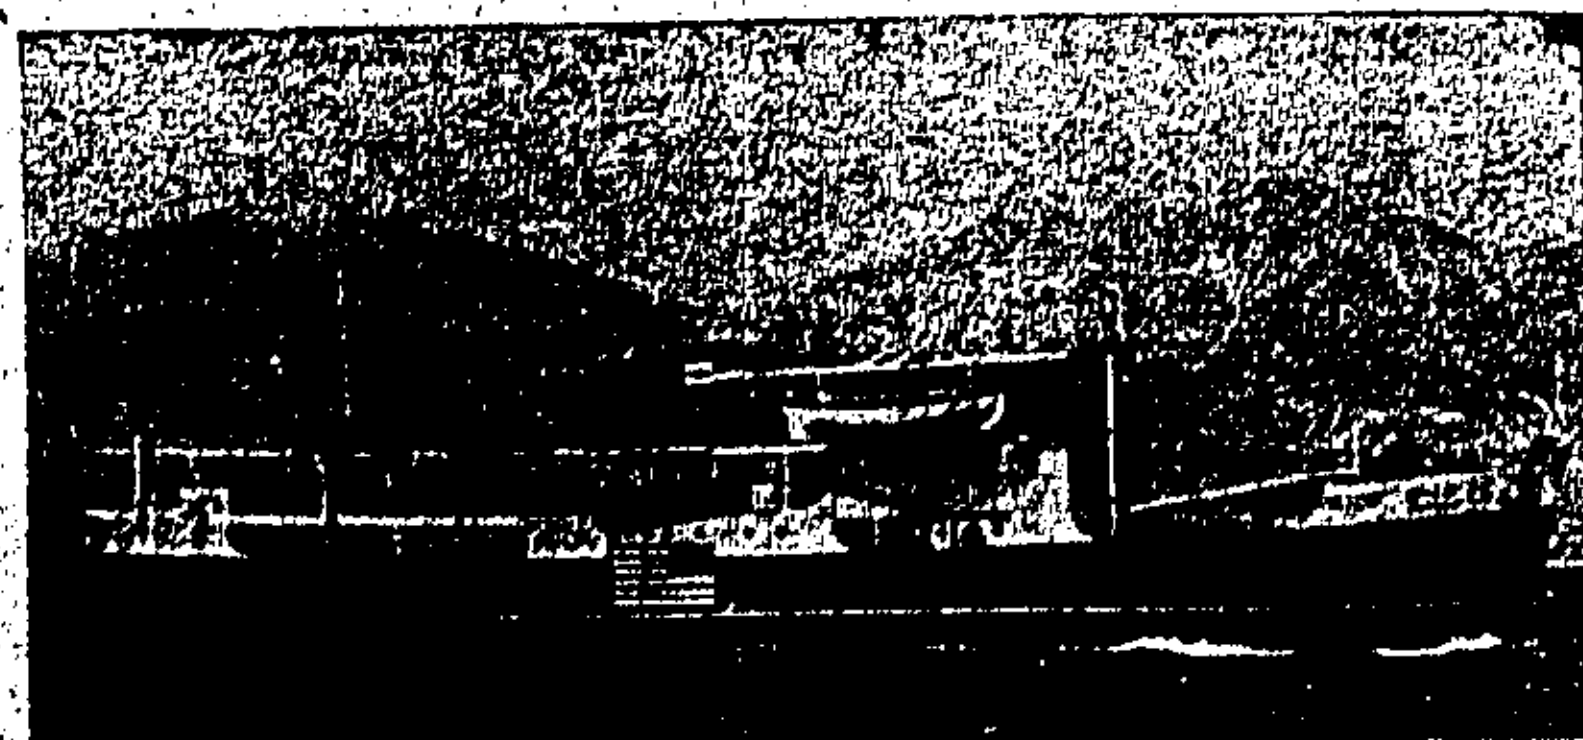

SUCCESSFUL TRIALS BY M.V. ANTONIA

Successful trials were carried out by the new motor vessel Antonia in Kowloon Bay on Feb. 17.

The new vessel, which was christened by Miss Elizabeth Grayburn in November last, and which was built by Messrs. W. S. Bailey and Co., Ltd., to the order of Messrs. Abott and Co., Inc., of Cebu is designed for passenger and cargo service in the Philippines and has been constructed to Lloyd's 100 A.I. requirements for that service. She has a gross tonnage of 502, overall length of 163 feet, breadth 28 feet and depth moulded 11 ft. 6 in. Her machinery consists of Deutz 575 B.H.P. Diesel engine, with electrically driven auxiliaries, winches and windlass.

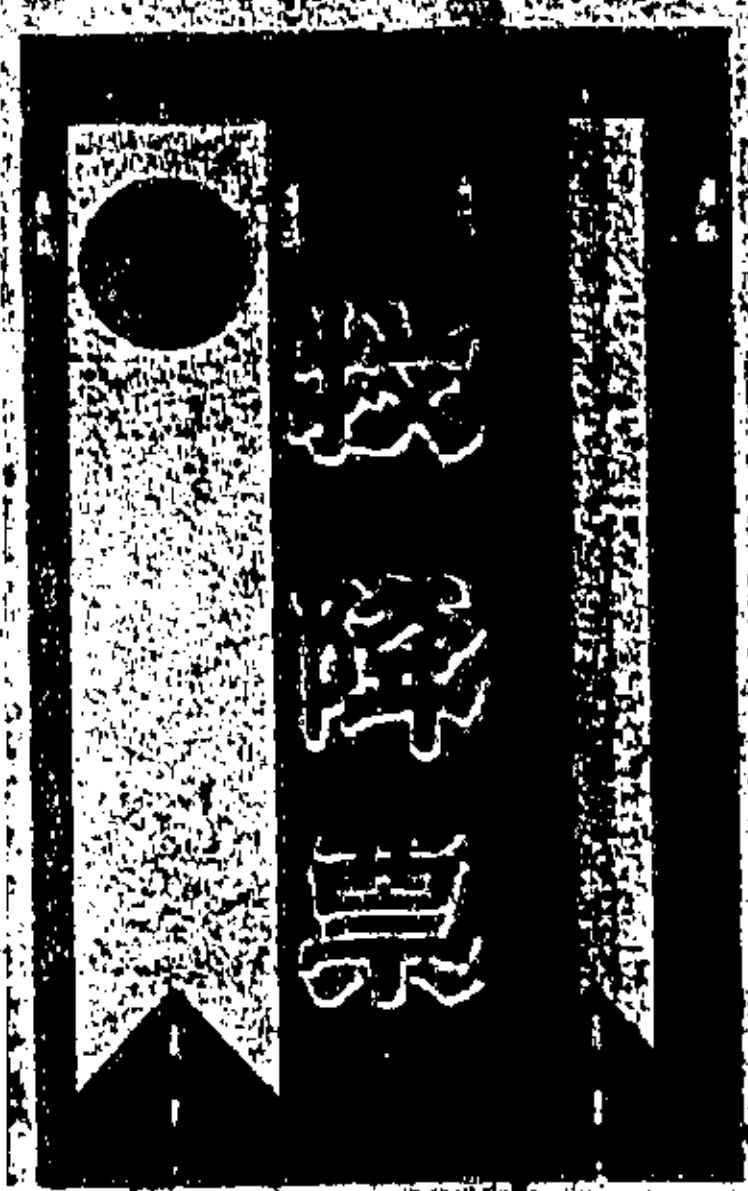

During the trials she attained an average speed of 11½ knots, which is considered most satisfactory for a vessel of this type.

Those present during the trials were, Mr. Ramon Abott, the Managing Director of Messrs. Abott and Co., Messrs. C. R. Rowcliffe, Lloyd's Surveyor, W. B. Haslett, representing Messrs. Williamson and Co., J. M. Jack, J. Ulderup, J. B. Morphet, J. J. Cameron, Captain Juan Ugarte, Mr. E. Ripel, Chief Engineer of the vessel, and Mr. A. A. Dand and Mr. J. Randle of Messrs. W. S. Bailey and Co., Ltd.

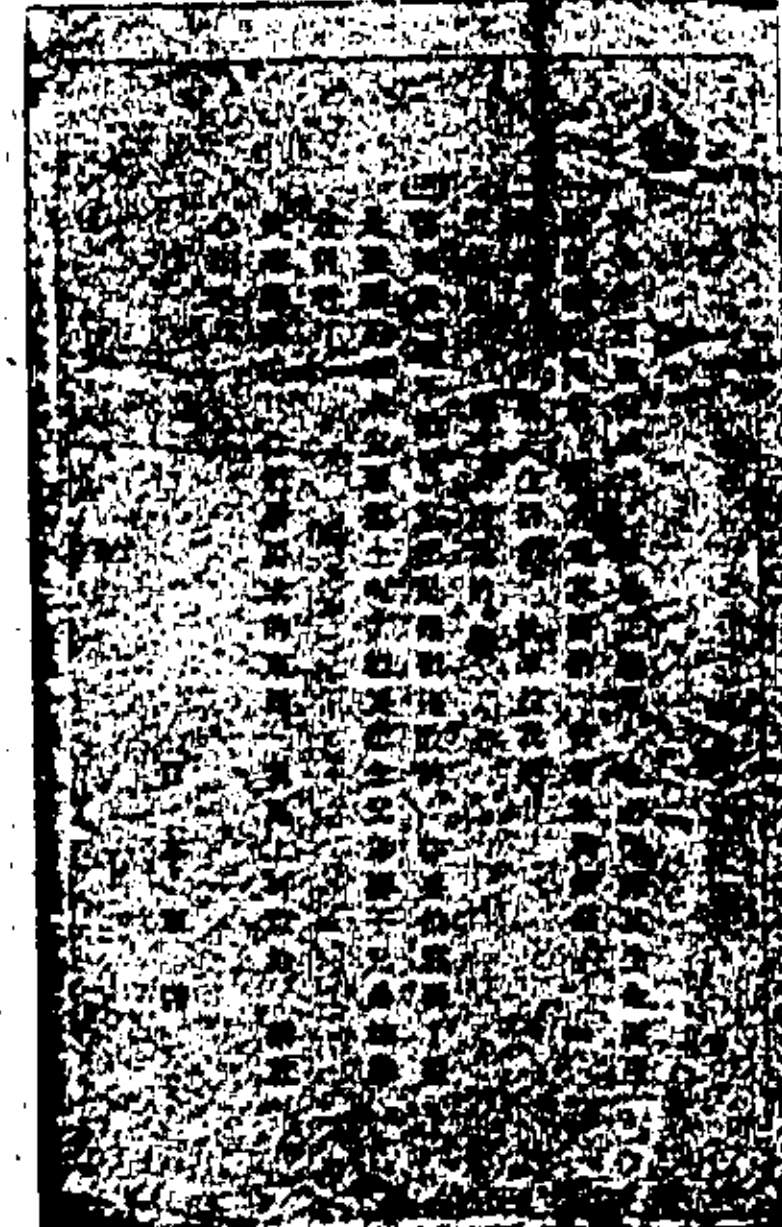

THE NEW MOTOR VESSEL ANTONIA, built by Messrs. W. S. Bailey and Co., Ltd., had successful trials in Kowloon Bay last week. The vessel was christened by Miss Elizabeth Grayburn in November last.

Leaflets Showered On Namtau

Namtau and other towns and villages in the territory adjacent to Hongkong's mainland was showered with pamphlets by Japanese planes yesterday as they flew to a low altitude and dropped leaflets calling upon the Chinese people to surrender. Picture shows a sample of one of the pamphlets picked up by the "Hongkong Daily Press." This is known as a "Card of Surrender."

On the obverse side, the Chinese are told of the kind treatment they may expect from the Japanese and their puppets.

The translation is as follows:—

SURRENDER TICKET

Those who are holding this ticket and will surrender to us—though one of the regular army—will have their property and lives protected.

(1) To the hungry, food will be given, to the wounded, medical assistance will be given and to the poor, money will be furnished.
(2) Those who are expecting real livelihood must surrender to us quickly.
(3) The proverb says, "Evils can never beat the Rights." The Evils are to be defeated at all times when they will bring up a fight. So are you going to be with the Evils or are you coming to the Rights to obtain pleasure and dwell in peaceful lands? It will be right if you will think of your parents, wives, brothers and sisters.

HURRY up to surrender to us! All the requirements you are looking for will be given you immediately. You don't have to worry about anything.

£200 BRACELET MISSING

Mrs. T. E. Pearce, of No. 299 The Peak, has reported to the police the loss of a platinum diamond bracelet, valued at £200.

It is believed that the article was lost between 1 and 1.30 a.m. yesterday, between May Road and Brankome Towers, either on a public sedan chair or in a car.

THE GREAT WALTZ COMPETITION

The "Hongkong Daily Press" to-day introduces a new competition, known as The Great Waltz Competition, in which our readers will no doubt take a keener interest than in former contests. This competition, held in conjunction with the Metro-Goldwyn-Mayer Picture Corporation, will continue until next Thursday.

Five different questions will appear daily on page 6 of the "Hongkong Daily Press" and the senders of the first ten correct solutions received by the Competition Editor at the offices of this paper, 319 Marina House, 15-19 Queen's Road C., by noon next Thursday, March 2, will be given a pair of tickets to see the M-G-M. production "The Great Waltz" at the Queen's and Alhambra Theatres. ALL REFLIES MUST BE SENT IN TOGETHER AND NOT SEPARATELY, and answers, together with the names of the winners, will be published next Friday. All answers to the questions asked appear in our advertisements.

Members of the "Hongkong Daily Press" staff and their families are barred from the competition in order to avoid favoritism. Our decision is final.

ANOTHER CHINESE AIR VICTORY

SPECTACULAR COMBAT

LANCHOW, FEBRUARY 24 (REUTER).—SCORING ANOTHER GREAT VICTORY IN THE AIR, Chinese airmen yesterday shot down six Japanese planes in another spectacular aerial combat over Lanchow, capital of Kansu.

Bent on avenging their defeat on Feb. 20, a squadron of 20 Japanese aircraft flew over to raid the city. They were challenged by Chinese pursuit planes when they approached and in the ensuing combat they were outmanoeuvred by the Chinese who displayed remarkable skill.

Greeted by hail of bullets from all sides, three of them caught fire in mid-air, while three others were hit and nose-dived, spouting black smoke. All the ill-fated machines crashed in the eastern outskirts of Lanchow.

Bombs were dropped by the raiders inside the city.

ACCORDING TO AN INVESTIGATION, ALTOGETHER NINE JAPANESE PLANES WERE SHOT DOWN DURING THE THRILLING DOGFIGHT OVER LANCHOW ON FEBRUARY 24, TWENTY-THREE JAPANESE AIRMEN BEING KILLED.

A HUGE LOSS
The total loss incurred was roughly estimated at U.S. \$10,000,000, which included the cost of the machines, the bombs and the expenses for training the airmen.

The wreckage of seven of the Japanese planes shot down on February 20 has been located. The squadron-leader's machine crashed at a village in the eastern suburbs of Lanchow. All seven airmen were killed.

Another machine crashed in the vicinity of Yuchung, near Lanchow. It was said that the plane was blown up by the bombs it carried. Only a heap of charred ruins remained.

Two crashed in the district of Chingyuan, while three others fell at Pishihkon, Fangchichuan and Changwan, respectively. The location of the wreckage of two other planes, which were seen to have crashed, is still under investigation.

WANCHAI CHILDREN WIN "LAI SZE" AT THE ANNUAL SPORTS

Chief Justice Pleased With Smiling Faces

"SMILES WAS THE ORDER OF THE DAY" for the many hundreds of Chinese children who gathered at the Southern Playground, Wanchai, yesterday for the Annual Sports, organised by the Children's Playgrounds Association.

There were various kinds of track events and other games, and the participants thoroughly enjoyed themselves.

The prizes too, which were donated by the Chief Justice, Sir Atholl MacGregor, in the form of "Lai Sze" (red papers) and distributed by Lady MacGregor, were very much appreciated by the successful competitors.

Mr. W. N. Thomas Tam, chairman of the Association, at the conclusion of the Sports, thanked Sir Atholl for his kind contributions and keen support to the Association, and Lady MacGregor for her kindness in distributing the awards.

NO POLICEMAN!

Sir Atholl MacGregor, in reply, told the children he was glad to see them healthy and thoroughly enjoying themselves. He was pleased to see that there was not a policeman to interfere with their play this year, for order and discipline was much better than in the past. He wished to see them healthy and happy for many years to come.

The Hon. Sir Robert Kotewall interpreted Sir Atholl's remarks and encouraged the children to become good citizens.

ACCUSATION BY DEFENCE IN HINES TRIAL

NEW YORK, Feb. 24 (Reuter).—In his final speech to the jury for the defence in the second trial of Johnny Hines, Tammany Hall boss, Mr. Stryker accused Mr. Thomas Dewey, Director of Public Prosecutions in the State of New York, of having allowed two of the prosecution's principal witnesses, Dixie Davis and the late George Weinberg, to "talk things over" with Hines.

Counsel for the defence said that Hines was the victim of a frame-up concocted by Davis and Weinberg to save their own necks.

Mr. Stryker likened Hines to Abraham Lincoln.

IMPORTANT RED CROSS CONFERENCE

An important conference of officials of the Chinese National Red Cross Society is being convened in Hongkong this afternoon.

Dr. Chengting T. Wang, president of the Society, arrived in the Colony from Chungking about a week ago to attend the conference. Several other prominent leaders have also arrived for the event, including Dr. F. C. Yen, director of the National Health Administration, and Dr. W. W. Yen, vice-president of the Society, is due today by the a.s. Conte Biancamano from Shanghai.

The conference, which will probably last three or four days, will review Red Cross work in China in the past year, especially in the field of epidemic prevention, and consider measures for facilitating the work of relief and care of wounded soldiers and civilians in the coming months.

JAPANESE LOSSES IN SOUTH HOPEI

LOYANG, Feb. 24 (Central).—The Japanese have suffered heavy losses in south Hopei in the past few days as a result of Chinese attacks.

On Feb. 20, Chinese forces attacked a party of some 70 Japanese soldiers at Kiangchiachwang, near the Shantung border. Four Japanese trucks were burned, and a number of machine-guns and rifles seized by the Chinese. Other Chinese units waylaid 800 Japanese troops rushing to the rescue of their comrades at Kiangchiachwang.

Chinese forces again attacked 400 Japanese near Weishien, inflicting considerable losses on the enemy.

KOWLOON CRICKET CLUB MIGHT BEAT HONGKONG

Recreio Should Take Points From Craigenower C.C.

INDIANS TO WIN AT LAST?

(By "TAC")

RACE WEEK NOTWITHSTANDING, A FULL PROGRAMME OF GAMES IS DOWN FOR DECISION IN THE CRICKET LEAGUE TO-DAY, though I have been unable to ascertain whether or not they will all be played off. All the games are interesting, but the best, as well as the most important, will be that between the Hongkong Cricket Club and Kowloon Cricket Club, the venue for which is Chater Road.

The most logical result of this match would be a draw, but I have a feeling that both sides are all out to win, and will take even extreme chances in an endeavour to collect the very important three points. If this be indeed the spirit in which the teams approach the game, then I rather fancy the Kowloonites' chances.

Both sides, if they play as advertised, will be at full strength, except that Kowloon will be without Gordon Burnett. I am glad to see that Norman Mackay has been able to get off. He has been in quite consistent form of late and should be a tower of strength to his side.

Craigenower, too, seem to be giving the Races a miss as a team, and will also be at full strength. But unless something unexpected happens, I cannot see them holding Recreio. This match should be a very good one to watch. Both sides are as keen as mustard in the field, and though Recreio are, to my mind, unquestionably the best fielding side in the Colony, the Valleyites, when in form, are not so far behind.

INDIANS TO WIN AT LAST?

The Indians visit Civil Service and should take full league points for the first time since they met the Royal Navy—to them it must seem a long, long time ago! On paper they will be slightly depleted in strength but in actuality this should not make any difference.

I understand that in certain quarters the opinion has been expressed that far too little use has been made of the youngsters of the side, K.M. Ramjahn and Ismail Ali. In the absence of one of his regular opening batsmen, and with very little left to lose,

it might be an idea for A.R. Minu to experiment by sending them in first and giving them, or their supporters, a chance to show what they can do at the top. Personally, I feel that such an experiment will be... well, very much an experiment!

Navy meet Army at King's Park, and, as the Junior Service has of late been emulating the Senior Service in the way of uncertainty of personnel, anything may happen here, though, with the advantage of home ground, the Navy ought to just about do it.

SECOND DIVISION

Key matches in the second division are those between Kowloon and Hongkong, and Recreio and Navy. Both the home sides should win, in which case the fight for the junior shield will be kept at a keen pitch.

Craigenower have to take the trail for Pokfulam, home of the Varsity Undergrads. I shall be interested to see whether Fong the Consistent will make another 50. If he does, the Valleyites will probably have a weary journey down after a fruitless trip up.

The Indians—Police encounter should see some good cricket, and the slight advantage of home ground should gain the day for the Sookunpoo team, for whom M. R. Abbas, one-time first team man, has been bowling very well of late. The Army—Civil Service match, on the adjoining ground, ought to result in an easy win for the former.

The day was marked by the entire Army and Navy from commanders down to the rank and file—taking a new oath, under which each soldier vowed to be "honest, courageous, disciplined and vigilant." Each man took the oath individually and later signed a paper.

The German Chancellor Hitler made a present to the Emperor of Japan of two china vases made by the State porcelain manufactory in Berlin. This gift is intended to show the Chancellor's appreciation of the Emperor of Japan's gift to him in June last year of a Japanese gilt lacquer table. The German Ambassador in Tokio, General Ott, presented the vases to the Emperor yesterday.

ENLISTMENT OF
INFANTRYMEN

LONDON, Feb. 24 (Reuter).—Asked by Lieut.-Com. Fletcher whether it remains the Government policy that there was no need to enlist large numbers of infantrymen with a view to service on the Continent, the Prime Minister replied that the Government's policy was to recruit to establishment of the army as appears in the 1939 Army Estimates. That establishment was fixed with regard to calls which might be made on the army from any part of the world.

Lieut.-Com. Fletcher asked how that reply could be reconciled with the statement made by Sir Samuel Hoare yesterday that, in case of an attack on France, they should have to co-operate immediately.

The Prime Minister replied: "That is a question which, I think, cannot very well be debated in the present circumstances."

ROYAL AIR FORCE

TECHNICAL TRAINING

A new School of Technical Training for Men (No. 5) has been opened at Locking, near Weston-super-Mare, and placed within No. 24 (Training) Group, Halton.

This is the second school for the technical training of airmen to be opened in recent months as No. 4 was formed at St. Athan, Glamorgan, on September 1, for the training of flight mechanics and flight riggers. Before expansion there was only one school for airmen's technical training, No. 3, at Manston, apart from the establishments for apprentices.

Group Captain James McCrae, M.B.E., who has been appointed in command at Locking, has commanded the Home Aircraft Depot at Henlow during the past four years.

NO. 211 SQUADRON

NEW CONTRACT FOR BALALAIKA GIRL

Muriel Angelus, 27-year-old British actress who was leading lady of "Balalaika" throughout its London run, has signed a Hollywood contract with Paramount. It is probable that she will play the same role in the screen version, which has been bought by Paramount. At present she is star of "Boys From Syracuse" on Broadway, and will not go to California until the show ends. Miss Angelus, whose parents are Scottish, is married to John Stuart, the English screen actor. Her stage debut was made at the age of 12.

SCREEN HEROES NOT ENOUGH FOR BRADNA

What's wrong with Hollywood men? Girls all over the world look upon the film capital as the most romantic spot in the world. It contains hundreds of handsome young men, the mere mention of whose names send feminine hearts palpitating all the way from Singapore to Santa Barbara, from Copenhagen to Cape Town!

And yet Hollywood's most dazzling younger actress, who is about to have her first date, says that the winner of her heart will have to come from outside the film colony!

She's eighteen-year-old Olympe Bradna, Paramount's scintillating importation from Paris and Ray Milland's new leading lady.

"Don't get me wrong," said Olympe excitedly, when interviewed on the subject during the filming of her new picture, "I know a lot of fine young men in Hollywood, and they're been great pals to me, but for real romance I want to go outside the show business."

"What I mean is this: actors are fellows with uncertain jobs. They're generally honest, intelligent and interesting but they lack that quality of stability that is so important to a girl who wants to establish a home."

"For that reason I think I'm going to be much more susceptible to charms of young businessmen, doctors, lawyers, engineers and men in similar professions. Most of them are not as good-looking as Hollywood men. I realise that. But they're much more apt to stay put!"

When asked if she planned matrimony in the near future, Olympe laughed the question away.

"I'm just eighteen," she said, "and I'm only having my first date when my new picture is finished. I'll give myself five years to get the romantic business over with. If I'm not married by the time I'm twenty-three, I'll begin to worry about being left an old maid!"

NEW APPARATUS FOR SOUND RECORDING

BERLIN, Feb. 23 (T.Ocean).—The "Reich Sound Recording Film Collaboration Board," has just been formed, with the co-operation of the Reich, first to develop and organise the production of a new sound-recording-film apparatus, in which disc records are replaced by endless filmbands, and to assure the promptest execution of the extensive orders already received from foreign countries.

The Chief of the Official Staff of the Fuehrer's Chancellery, Karl Heinrich Federich, has been appointed President of the Board.

These new apparatus have been so far improved in the past years that music and speech are reproducible with a faithfulness to the original, never attainable with disc records. The new sound recording technology, therefore, had advantages particularly in so far as records of unlimited length can be played without interruption.

A GREAT MOTION PICTURE

Superb in every essential of a truly great motion picture, "Marie Antoinette" which opened yesterday at the King's Theatre, is the peak of two careers, those of Norma Shearer and Tyrone Power.

Convincing in every scene, passionately romantic, and grimly tragic, their co-starring for the first time in the picture that resumes Miss Shearer's brilliant career is the perfect teaming.

MOST WOMEN HAVE NIGHTMARES

RICHMOND, VIRGINIA—Women dream of hearing music more often than men; they see colours in their sleep more often and have more nightmares, a doctor told the American Association for the Advancement of Science at a meeting here.

The doctor, Dr. Charles M. Disraeli, also declared that women's dreams contain more beauty and are more of the fantastic compared with men's dreams, while men's dreams include more of the practical side of life.

Men have less anxious dreams, he said, but more that are "thirsty."

ANNUAL MEETING OF STAR FERRY CO., LTD.

Increased Profits: Total Dividend Of \$6.25

Reference to the expiration of the Star Ferry Company's charter in 1949 was made at the annual general meeting of the company, held in the Board Room, of Messrs. Jardine, Matheson and Co. yesterday. In his speech the Chairman, the Hon. Mr. J. J. Paterson, remarked that he had no further information beyond that which had circulated to shareholders last year.

Present at the meeting were the Hon. Mr. J. J. Paterson (Chairman), Mr. A. H. Compton, Hon. Mr. S. H. Dodwell, Mr. T. B. Wilson, Mr. H. V. Wilkinson (Directors); Hon. Sir Henry Pollock, Messrs. J. Hyde, A. R. Fullerton, G. B. S. Thomson, W. M. Groves, P. Hodgson, J. Gardner, J. H. Seth, W. J. Brown, J. D. Danby, E. G. Smith and D. Mackenzie.

CHAIRMAN'S SPEECH
The chairman said:—During 1938 there was an increase in all classes of passenger traffic, the receipts increasing by 11.62 per cent., but there was a decrease in the amount earned for the carriage of cargo, this came to 13.1 per cent.

The outstanding feature of the returns is an increase of 27.3 per cent. in the number of monthly ticket holders: in December there were 5551 monthly tickets issued. The increases of course are attributable to our growing population: during the year over 15,000,000 passengers were carried. In October, trains ceased to run beyond Shumchun when war broke out in South China. Latterly, however, local traffic by road and rail seems to have increased.

PROFITS INCREASE
The increase in profit enables your directors to recommend a final dividend of \$4.25, making a total of \$6.25 or \$0.50 more than that paid for 1937.

Last year I drew attention to the advance in the price of coal. In 1938, while consumption was about the same, cost increased by 45 per cent., while the increase in 1937 was 22 per cent. I am glad to say that we have this year been able to secure a coal contract 7.5 per cent. below the 1938 figure.

As a result of the increased price of coal and other stores, the working expenses have increased by \$70,354.05 which is 23.48 per cent. higher than the previous year.

PIER LEASES
A circular letter was sent to all shareholders on June 29, 1938, about our Pier Leases which expire in 1949. We have no more information. As soon as any definite news is available it will be circulated to all shareholders without delay.

I regret to have to report one major accident during the year which resulted in the sinking of a loaded native junk and damage to our "Meridian Star" but fortunately no lives were lost. I want to thank Messrs. E. Broken-shire, D. A. Doyle, J. Hawkins and another foreigner whose name is unknown, who were passengers on the Ferry and who so pluckily jumped into the harbour amidst a tangle of wreckage and helped the Ferry crew to rescue the 23 occupants of the junk.

All the company's craft are in first-class condition and have passed the rightly rigid inspections of the Government Marine Surveyors. The careful upkeep of the vessels is being fully maintained. They are all in good order and condition. As you know, the five-minute service was extended from April 22 to include the hours of 4.35 to 6.15 p.m. and 7.00 to 7.55 p.m. from Hongkong, and 4.30 to 6.10 p.m. and 7.05 to 7.50 p.m. from Kowloon, this necessitating longer running periods than previously.

New lavatories have been installed on the Hongkong Wharf and alterations are now practically completed whereby more space has been made for the convenience of passengers. I think that with

the space at our disposal about all that can be done has been done, but suggestions will be gratefully received.

I now beg to propose the adoption of the report and accounts as presented. When this has been seconded, I shall be pleased to answer, if I can, any questions shareholders may wish to put.

SIR HENRY POLLOCK
Seconding the proposal, the Hon. Sir Henry Pollock said:—I heartily congratulate the directors and staff upon the very satisfactory figures which have been laid before us.

When the company first started in 1898, the population of Kowloon was under 45,000, and the service was then carried on by single-deck launches. Those launches were very different indeed from the comfortable double-deck launches of to-day, which form such an important and efficient link between Hongkong and Kowloon and have such an admirable record of public utility service.

MR. SETH AND PIER LEASES
Mr. J. H. Seth: I would like to know how many boats we have, and whether they are sufficient for our needs.

The Chairman: They are sufficient for the present time. We built a new one some time ago, but you will perhaps realise that with the uncertainty as to what will happen in 1949, it is perhaps unwise to build any more vessels. But, should traffic increase to a great extent as a public utility company, we might have to build.

Mr. Seth: I hope the Directors will not rush into building in view of this pier lease question.

The Chairman: That is quite clearly in our minds.

The accounts were unanimously adopted.

The appointment of Mr. H. V. Wilkinson to the Board of Directors, in place of the Hon. Mr. M. T. Johnson, who resigned during the year, was confirmed.

The Hon. Mr. S. H. Dodwell and Mr. A. H. Compton, retiring directors, were re-elected.

Mr. C. Bernard Brown, A.C.A., was re-elected auditor.

HONGKONG BANK'S ANNUAL MEETING

Shareholders of the Hongkong and Shanghai Banking Corporation are reminded that the annual meeting of the Bank will take place to-day (Saturday) at 11.30 a.m. at the Head Office of the Corporation, No. 1, Queen's Road Central, Hongkong.

APPEAL ALLOWED

Conviction against Ka Sai-man on a charge of having uttered a forged receipt for the sale of a motor car with intent to defraud, was quashed by the Chief Justice, Sir Atholl MacGregor, in the Appeal Court yesterday.

Mr. C. A. Sutherland Russ, who appeared for the appellant, said that there was no doubt that the document was forged, but the onus of proving the intent to defraud and knowing the document to be a forgery was on prosecution, who had failed to do so.

Mr. J. B. Prentiss, Assistant Crown Solicitor, was for the respondent.

TRIBUTES TO LATE MR. F. X. D'ALMADA CASTRO

Members of all branches of the legal profession in Hongkong assembled in the Supreme Court yesterday morning to pay tribute to the memory of the late Mr. F. X. D'Almada e Castro, Esq., one of the oldest solicitors in the Colony, who passed away on Monday.

His Honour the Chief Justice, Sir Atholl MacGregor, and the Puisne Judge, Mr. Justice R. E. Lindsell, sat as the Full Court.

CHIEF JUSTICE'S TRIBUTE
Addressing the assembly, the Chief Justice said:—

Mr. Attorney-General, before beginning the ordinary work of the Court it is fitting that on behalf of my brother and of every member of both branches of the profession in the Colony, I should pay a tribute to the memory of Mr. Francisco Xavier D'Almada e Castro who died on the morning of the 21st day of this month.

Mr. D'Almada was born in Hongkong on the 18th of January 1869. He was first called in 1885 and later in 1892 to Mr. Wilkinson of Messrs. Wilkinson and Grist. He was admitted to practice as a solicitor of this Court on 24th August 1897, and was at the time of his death the senior solicitor in the Colony with the exception of Dr. Teo.

Nobody more fully earned and deserved the respect and affection of all with whom he came in contact. He had great personal charm and transparent honesty, while his chaste work not only for his

fellow Catholics but also for the poor, the blind and the distressed, of the Colony brought him well merited recognition when in June 1933 His Holiness the Pope conferred on him the honour of a Knight Commander of the Order of St. Sylvester.

Mr. D'Almada was the doyen of a legal family and he leaves a son, a brother and a nephew in the profession of his own choice and a nephew at the Bar. To his widow and to all his relatives our sincere sympathy goes out in their sad bereavement and the Court will now adjourn for a few minutes as a mark of our respect and regret.

ATTORNEY GENERAL'S REMARKS

The Hon. Mr. C. G. Alabaster, Attorney General, speaking on behalf of the Bar of this Colony and of the members of the Colonial Legal Service said:—"I would like to express our desire to be associated with all that has been said by Your Lordships."

"It has been my privilege to know the late Mr. Francisco Xavier D'Almada e Castro for close on thirty years, and the high opinion I first formed of his character, ability and integrity has been amply confirmed throughout the whole of that period. His presence in this Court will be sorely missed."

ON BEHALF OF SOLICITORS

Mr. G. K. Hall Brutton, addressing the Court, said:—

"On behalf of the solicitors practising in the Colony I wish to endorse all that your Lordships and the Hon. The Attorney General have said with reference to the late Mr. F. X. D'Almada e Castro. With one exception, Mr. D'Almada was, at the time of his death, the oldest practising solicitor, with regard to date of admission, on the roll of the Court and was the first locally qualified solicitor to be admitted."

"During his career he earned the respect and endeared himself to all by his unfailing courtesy. He took an active interest in the profession and the work of the Incorporated Law Society, on the committee of which he served since the year 1930, attending regularly the meetings of the committee when unless prevented by illness. He served on various sub-committees of the Society, and was always ready to give his time and knowledge to promote the interest of the profession."

"One overwhelming tragedy marred his life and happiness from which he never fully recovered."

"We shall miss him from among us, but the name of D'Almada e Castro will be continued on the rolls of this Court by his son, his brother and nephews, one of whom is a distinguished member of the Hongkong Bar. To them, to the members of his family and to his widow we tender our sincere sympathy."

BAIL ESTREATED

Fung Ng, 32, and Wong Yau, 24, were charged before Mr. R. Edwards for keeping a common gaming house in 12, Wing Wo Street, 2nd floor, and playing a game of Pai Kau with 25 other defendants.

The accused were all absent and 1st and 2nd defendants had their bail of \$100 each estreated, the rest of the 25 defendants had their bail of \$3 each estreated.

TRAFFIC SUMMONSES

Summoned for parking their cars in Pedder Street beyond the time limit, fines ranging from \$2 to \$10 were imposed on Mr. A. W. Holland, Mr. J. Vanderham, of 25, Kent Road, Mr. A. M. Hutchinson, of Island Road, Mr. N. E. Kirk, of Messrs. Jardine, Matheson & Co., Ltd., and Miss L. Fearon, of D'Almada House.

EXHIBITION IN PARIS

Work Of Hongkong Artists

The work of Hongkong artists attracted attention at the exhibition of Chinese contemporary art now being shown at the Galerie de Beaulieu, Paris. The Exhibition has been arranged by the French Friends of the Chinese People and the National Federation of Chinese Artists. Concurrently, a series of lectures are being presented on topics of modern China.

The exhibition, which opened on January 21 and will continue until March 1, occupies three large halls and includes war-time posters, wood cuts, cartoons and drawings, with a section devoted to modern Chinese painting. Among the artists taking part are many members of the 'Hongkong Working Artists Guild, including Messrs. Pao Si-yao, Lee Byng, Luis Chan and Lee Bon, and Miss Ann Shih. The Cantonese artists include Messrs. Jack Chen, Hong Chen, Koo Hunk, Li Hua, Wing Tai and others. Three works of Mrs. Irene Macfarland are also being exhibited.

REALISM OF CHINESE ART

Among the water colours, in the classical style, attention is being drawn to the painting of Miss Ann Shih. Specific reference to the artists of Hongkong is contained in one critique which stated:—"There are among the artists of Hongkong, whose works are being shown, a number of students of the different schools of Western painting. Some of these artists seek at conveying the realism of Chinese art, exclusively by the colour technique of the Occident. Such are the examples shown by Mr. Luis Chan. Others like Yee Bon and Lee Byng seek to return to a mixture of Chinese technical expression which approaches the realism of the West bordering on impressionism. Perhaps the synthesis of the two arts, Chinese and occidental, can be realized by the work of Mr. Hong Chen."

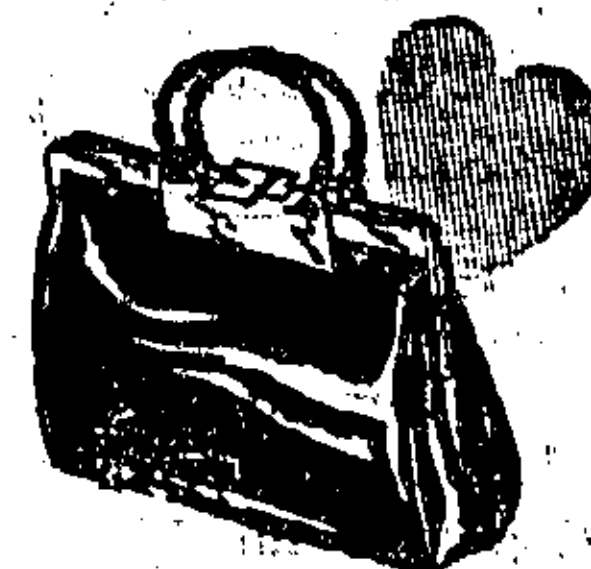

The exhibition was opened by Mr. Jean Lucet and many well-known members of the French artistic circles were present. Among the lecturers who spoke were Madame Tabouis, Paul Langevin, and M. Alexandre Varenne, former Governor of Indo-China.

DEATH OF MR. A. MACKENZIE AT KULING

News has been received in Hong Kong by cable of the death at Kuling on February 16 of Mr. Allick Mackenzie, of the Standard Vacuum Oil Company, who had been seriously ill at the famous mountain resort for the past ten months.

Mr. Mackenzie's death occurred, in fact, after the Japanese had agreed to extend the time limit for foreigners to leave the resort. Mr. Mackenzie was, however, considered too ill to be moved.

Born in Hong Kong, the late Mr. Mackenzie was 51 years of age, and was due for retirement.

The immediate relatives left to mourn his memory are Mrs. Mackenzie (widow), Miss Alison Mackenzie (daughter), Mrs. E. Abraham and Miss Violet Mackenzie (sisters), and a brother. His daughter is at present in England, but the remaining relatives are in Hong Kong.

JAPOLOGY

THE NEW TECHNIQUE used by the Japanese Government for forestalling injured third Parties has caused the coining of a new term, "Japology." Information from Tokyo presented to the world through the official Japanese news agency "Domei," as well as through the Japanese broadcasting system, alleges the attitude of the Japanese Foreign Minister, Mr. H. Arita, to be one of "profound regret" and that he went so far as to present to Sir Robert Craigie a communication in writing that "the Japanese Government would take all possible steps to prevent similar affairs in future."

ONE MAY be well certain that the Japanese Government fully realizes the need for preventing acts on the part of its armed forces which can be regarded as provocative and which are of such a nature that they do not assist the achievement of any tactical or strategic advantage.

IT IS POSSIBLE that the Japanese Government has taken and will continue to take all possible steps to prevent the occurrence of similar affairs. But those steps have been and continue to be ineffectual. It is, therefore, probable that "Japology" in this instance will not suffice.

FOR WHAT it is worth, it is of interest to learn that the policy of the Japanese Government is to effect an early settlement of the question of indemnification for those who were killed or wounded in the bombing. But the issue that has been raised is one of principle and not a mere question of material compensation for property and lives lost. At the same time, it is clear that the Japanese Government has probably failed to realize that violation of a British frontier under circumstances which give prima facie evidence of deliberation, as shown by the destruction caused by weapons of war and the choice of objectives, is hardly a matter that can be settled "through negotiations between officials of the two Governments on the spot."

TERRITORIAL WATERS of the Colony have been violated, more than ten score of thousands of Hongkong fishing folk have been slain in a barbarous method, upwards of 800 British-registered Junks have been burnt and destroyed by Japanese war-craft, civil air-craft, British as well as those owned partly by other third-power nationals have been shot at or destroyed. In addition, we seem on the eve of the institution of a reign of terror by the Japanese army all along the whole width of our frontier.

THE DANGER from the exercise of Japanese savagery to the Colony, both directly and indirectly, is not to be minimized. All this wanton bombing and massacre will lead to destruction and slaughter without end.

WITH THE LARGE Chinese population residing in Hong Kong, reactions of some nature will be inevitable. These considerations will no doubt weigh to a great extent in London on the side of the British Government taking a serious view of the violation of our frontier and taking appropriate action to ensure that similar violations do not really recur.

Hello & Goodbye

(BY A. W. HYER)

New travel routes and travel conveyances have held the spotlight in the news this week. However, by air and by sea, transports have arrived in the Colony with interesting visitors in their scanty passenger lists.

Many people may have forgotten business, he said, across the Pacific there is a junk by the name of "Sea Dragon" riding the waves out at Bailey's Shipbuilding wharf. Hard luck has once again befallen this vessel and her crew of 14 members.

Gone, but not forgotten is seventy-five dollars worth of provisions which disappeared during the Chinese New Year from the storeroom on the junk. Captain Welch, with blood in his eye, searches for the culprits. This venture of Mr. Richard Halliburton's to San Francisco commences the first of the week.

THURSDAY, 12.30. Captain H. Gambade put the Ville de Saigon down in a beautiful landing out at Kai Tak. The trip from Hanoi was enjoyed by all.

Chungking, Hanoi, a short visit in Hong Kong and back to Shanghai is Dr. J. B. Grant's itinerary. Business took the doctor to the Chinese capital; however, he had little to say in that regard.

A nice, tall German is Mr. F. R. Dahlmann of Hong Kong and the electrical business. His air journey was a round trip flight to Paris on business, and he did not believe we would be interested in electricity.

Mr. R. de Courcelles, executive of the French Bank in Paris was another air traveller from the French capital. This gentleman was very proud and elated due to a new addition in his family, a little girl by name of "Flamma." Within a few weeks he expects to have his family join him here, in the Far East.

The outstanding passenger arriving on the Air France plane flew down from Chungking, Dr. R. S. K. Lim, Director of the International Red Cross Field Work in China. This pleasant gentleman has spent several weeks in the Northern capital and will be in the Colony during the coming month working with various prominent doctors and social welfare directors on details concerning the work under his supervision.

THURSDAY, 12.20 p.m. the Philippine Clipper with Captain W. Culbertson, skidded along the bay to a landing at Kai Tak. Dr. W. W. Peterson, connected with Pan American Airways, came jcy-riding, and a little bit of

SEAMEN'S UNION RAID SEQUEL

Unlawful Society Alleged

At a preliminary hearing before Mr. T. J. Houston at the Third Court yesterday, Wong Ah-lung, Leong Kow and Leong Yew-ching were charged with assisting in the management of an unlawful society at No. 19 Jubilee Street, 2nd floor, on Feb. 3, and being members of an unlawful society.

Third defendant was additionally charged with knowingly allowing the premises, over which he had control, to be used by an unlawful society.

Mr. M. A. da Silva represented the defendants, whilst Crown Counsel (Mr. E. H. Williams) prosecuted.

Det. Sergt. R. Ellis gave evidence that on Feb. 3 with a party of police he raided the premises and found documents relating to a seamen's union. On some of the stationery he found a letter head bearing "Information Office, Chinese Seamen's Union, Hong Kong branch." It also included a telegraphic address and a P. O. Box.

Two visiting cards were also found with third defendant's name printed on them as Secretary of the Society. A letter was found which was addressed to the "Special Delegate" in Yangtze notifying him that the Union had rented premises at No. 8 Hing San Street, Shamsham, and upon receipt of confirmation from the "Delegate" the Union would remove there, as an application to the S. C. A. for registration had not been approved.

Mr. da Silva pointed out that the prosecution had failed to satisfy the Court that this particular Union was unlawful according to the Government notification. The hearing was adjourned to March 2.

The first defendant was allowed \$1,000 bail.

CHAMBER MUSIC CLUB CONCERT

Fine Rendering Of Trio

(BY LARGO)

The Hongkong Chamber Music Club gave its fourth concert on Friday, February 17, at the Fung Ping-shan Library. Those who were fortunate enough to attend this performance had every reason for congratulating themselves, for they had the privilege of listening to one of the finest concerts of the season and of hearing a wonderful composition written by a most talented Chinese musician.

The programme, arranged by Mr. Sitson Ma and Very Rev. Father Rignati, was opened by Sitson Ma's Trio which was itself really interesting and exceedingly striking in the novelty of its melodic line and the strength of its structure. It was composed of three movements, in the classic form.

HIGH LEVEL

The playing of the Trio was, as a whole, on a very high level. It was most gratifying to hear the composer himself playing the violin part, together with Mr. E. Pellegatti playing the cello and Mr. L. Laforde, the piano.

Under the direction of Very Rev. Father Rignati, St. Joseph Church Choir gave three items of four-part songs all of which were sung with finesse and art. Mozart's Quartet was interpreted in fine style, well in accord with what I feel this great composer to have intended. The audience demanded an encore, and was rewarded with a Haydn's Minuetto which was attractive and brought out Mr. Sitson Ma's technical gifts. In this Quartet, Mr. Sitson Ma appeared as the 1st violin, Mr. Sitson Ma, his brother, playing the 2nd violin, Mr. Anton Ho, the 3rd violin, and Mr. Pellegatti, the cello.

Exhibition Of Chinese
Jade From Chou To
Ching Dynasty

HIS EXCELLENCY THE GOVERNOR, Sir Geoffrey Northcote, opened an exhibition of Chinese jade at the Fung Ping-shan Library yesterday evening. His Excellency, who was accompanied by Lady Northcote and their son, Mr. M. A. S. Northcote, was welcomed by Mr. D. J. Sloss and Prof. Hsu Ti-shan, and among those present were the Hon. Mr. and Mrs. N. L. Smith, the Hon. Mr. C. G. Alabaster, Prof. L. Forster and many others.

The 70 groups of exhibits, numbering nearly 600 articles, were arranged in two rooms, and included jade objects and implements of various dynastic periods from Chou (circa 1000 B.C.) to Ching, the last Chinese dynasty, as well as rubbings, books and scrolls and neolithic jade implements discovered in Hongkong.

Inspection of the exhibits was followed by a lecture by Prof. Hsu Ti-shan, in the course of which he said: "Since the Neolithic period, the Chinese have been ardent lovers of jade. The term jade in Chinese is used in a broad sense; it includes three kinds of hard stones, namely the nephrites, the jadeites, and the chloromelanites. It was also believed that jade articles had magical power. They were worn for the purpose of warding off evil spirits. This belief has lasted down to the present day.

RITUAL OBJECTS

The reason why jade articles were used as ritual objects can be traced to Neolithic times. In those days the most powerful weapons were made of jade, it being the hardest then available. These weapons were mostly used by chieftains and were handed down to later generations as sacred objects and used as emblems of sovereign authority.

Being used as a material for making ritual objects, jade was therefore looked upon as possessing magical and moral qualities. It was believed since the Chou Dynasty that jade had influence over the character of its wearer. It can transform a man of fiery temper into a man of calm and steady disposition. The magical powers ascribed to jade made jade objects popular as amulets. The exhibition remains open till Monday from 10 a.m. to 5 p.m. daily.

BOW STREET
TRIALSAN AMAZING
ALLEGATION

LONDON, Feb. 23 (Reuter).—A document regarding arms aboard H.M.S. President, a training ship moored in the Thames near Blackfriars, was mentioned when 18 men re-appeared at Bow Street to-day in connection with the recent alleged Irish Republican Army bomb outrages in England. The prosecuting solicitor said that the document stated: "The President has 3,000 rifles, and equipment for 3,000 men. It is looked after by 12 men, when not in use for training."

The prosecution alleged, that they also found a plan in a magazine in Hyde Park giving information regarding power stations, and detailed instructions for the blowing-up of Dagenham. The 18 men, charged with conspiracy, were accommodated in a special dock like a boxing ring. The court was again heavily guarded, and everybody who entered was searched. The accused were remanded for a week.

AN APPEAL BY
MADAME SUN
YAT-SEN

The following letter, signed by Madame Sun Yat-sen, on behalf of the China Defence League, and by Bishop Hall, for the China Committee of the Emergency Refugee Council, has been forwarded to the "Hongkong Daily Press" for publication.

Feb. 24, 1939.

Dear Sir—We wish to inform your readers that there is an opportunity for all those who wish to serve China to assist the China Committee of the Emergency Refugee Council and the China Defence League to send up food, drugs and surgical supplies to Southern Kwangsi, Kweichow and the North-west.

The Chinese Promotion Committee of Ontario have sent the China Defence League five Studebaker chassis. The League is building them into trucks, each of which will carry two and a half tons. The first two will be ready on Feb. 28, the remaining three on March 14.

We have all been deeply moved by the bombing at Shum-chun this week, the killing and wounding of men, women and children in British and Chinese territory. But let us think for one moment what is happening in China. Dr. C. U. Lee, of the National Medical College, Kweichow, wrote to us on Feb. 10: "We are just recovering from the havoc resulting from the raid on Feb. 4. The figure for the killed alone is 527 up to date and they are still digging up corpses from collapsed houses. The wounded are more than twice this number. At least 3,500 people are rendered homeless. The entire business centre has been wiped out with loss of property amounting to 25,000,000 dollars."

URGENT NEEDS

This is happening in every part of China—and there are more than 500,000 wounded soldiers to be cared for. We have letters from the Front asking for tins of condensed milk, because the severely-wounded and the sick die through lack of proper food—starved to death. We want vitamin products particularly for the North-west where there is an almost total lack of meat, eggs, fish and fresh vegetables. We need cod liver oil for every part of China for the children and the sick. The most important surgical and medical supplies are listed below.

We do not believe that any European or Chinese of goodwill in Hongkong would wish to see these trucks travel empty or even partially empty. Money and supplies can be earmarked for Nanning, Kweichow (the headquarters of the Red Cross Medical Relief Commission under Dr. Robert Lim), Dr. Richard Brown's Hospital in the Northwest, the Yenan Base Hospital run by the 26th Unit of Dr. Lim's, a Woman's Unit, or the International Peace Hospital, Wu-tai-shan, under the direction of Dr. Norman Bethune.

Supplies and money can be sent to the Bishop's House, Pedder Hill, or to the China Defence League (tel: 28930 or 25620).

Yours sincerely,
(Sgd.) SOONG CHING LING
(Madam Sun Yat Sen)
(Sgd.) RONALD HONGKONG.

SELECTION BY
LOT OF NEW
DALAI LAMA

CHUNGKING, Feb. 24 (T/Ocean).—The impending selection by lot of the new Dalai Lama, religious head of Tibet, was announced by Dr. H. H. Kung at the National Political Council of the Kuomintang to-day. The new Dalai Lama will be selected by lot among two boys who were born at the same hour when the last Dalai Lama died.

GOLDEN GATE
EXHIBITIONKeen Interest In
Chinese Goods

Special to the "Hongkong Daily Press"
SAN FRANCISCO, Feb. 24.—Immense crowds have been attracted to the Golden Gate Exposition, which opened in San Francisco on Saturday last, which was also Chinese New Year's Eve. On the first day the attendance is reported to have exceeded 200,000 and at the time this message was sent there were over 80,000 people in the Exhibition grounds.

China is well represented at the Exhibition and visitors are displaying particular interest in the booths from Far Cathay. Keenness to see Chinese goods has been heightened by the Sino-Japanese war and much sympathy and interest is shown on this side of the pond in anything Chinese. Added factors are the boycott against Japanese goods, which is spreading throughout the United States, and a desire to see what China is producing in spite of the war and in spite of the fact that so much of her territory has been snatched away from her by a ruthless invader.

EXCITEMENT ON
BOOM SHIP

Excitement ran high on board the boom defence ship Barlight, at the Naval Yard (Kowloon) about mid-day yesterday when smoke was discovered issuing from the chief engineer's cabin.

LECTURE ON STARS

Mr. L. Starbuck's lecture, "My Stars," at St. Andrew's Church Hall last night, which he illustrated with the aid of an epidiascope and some 30 pictures and diagrams, was afforded a warm welcome by the fairly large audience who were startled by at least one interesting revelation of astronomical opinion.
Quoting Sir James Jeans, Mr. Starbuck mentioned a recent suggestion of the great scientist that life on a planet might be a sort of disease which would affect matter in its old age.
One in a trillion years could an accident occur of the nature that resulted in life on our planet. "An odd bit of matter thrown out from earth became dead ash, and in that condition life sprang out on it."

U.S. To France Trans-Atlantic Air Service

Trans-Atlantic flying service took a decided turn in January when the United States obtained from France permission for American commercial air transport companies to fly between the U.S. and France on a temporary agreement without immediate reciprocal arrangements from France.

Beneath the calm surface of diplomatic amenities is a deep-rooted and spirited international rivalry among four nations to be the first to fly the Atlantic in regular commercial air transport service, with payloads.

This manoeuvre to get the U.S. into the Atlantic first shifts the scene of trans-Atlantic flying from the much-publicized "northern" route to a southern route via the Azores and Portugal.

It is no secret that the deal with France was hastened in order to break up the stalemate created in the Atlantic by Great Britain. The agreement with France is considered unusually favourable in that France, not having equipment as yet to fly the Atlantic, has not insisted upon holding up the service until it is ready to operate reciprocal services.

The existing agreement with Great Britain has stalled trans-Atlantic flying up to now because of the provision that neither country could fly until the other was ready. With a new agreement completed with France, the waiting period is just about over.

France has agreed to permit one or more American companies to arrange a total of four flights per week. Marseilles is understood to be the terminal.

TWO COMPANIES ACTIVE

There are two commercial air transport companies active in the picture at the moment, Pan American Airways with a new Boeing Clipper 314 and the American Export Air Lines, Inc., which will have a Consolidated flying boat by the end of March.

The French co-operation has created a friendly and receptive feeling toward that nation and there are under consideration certain proposals which may make it possible for American equipment to be leased to France for her reciprocal flights to the U.S. in view of her lack of suitable planes.

However, in the meantime, the U.S.-British agreement is still in effect and Pan American Airways expects to fly to England on regular services sometime this summer if the Imperial Airways are ready.

PALESTINE ROADS

For service in the construction of a new road from Haifa to Baghdad, John I. Thornycroft & Co. Ltd. have recently completed an order for 8 rigid 6-wheeled tractor units, 6 frameless tankers, and 3 platform trailers. The tanks are of 2,000 gallons capacity and are designed for carrying hot bitumen. Each tank is equipped with steam heating and is lagged with Alfol, the outer covering being of aluminium sheet. For discharging the tanks a Reavell air compressor is mounted behind the cab of each vehicle.

Although these units are not intended for cross-country work, they are well equipped for negotiating badly surfaced roads, as a tractor unit with double drive has been chosen, while the tyre equipment is 10.50-20 in.; those on the trailer unit being 13.50-20 in. angles in all cases.

As regards the platform lorries, these have been designed for 15-ton pay loads, and will be employed for general purposes, carrying barrels, road material and road-making equipment. In front of each platform is a 2-ton winch, while the turntable gear is identical with that of the tank vehicles, so that all the semi-trailers and tractor units are interchangeable.

A PROSPEROUS INDUSTRY

English bulb growers are now able to compete on level terms with the Dutch. It is a matter for regret that the word "bulb" is invariably linked up with the Dutch. Most gardeners—professional and amateur—still insist that the best bulbs come from Holland. They are mistaken. The varieties grown in England are quite as good, if not better, than the foreign bulbs, and compare favourably in price with overseas ones of the same quality.

The British bulb industry is worth approximately £2 million. It is on the increase. The Royal Parks have encouraged the home industry. They have used English grown bulbs during the past five years. The major part of English bulbs are grown in the Lincolnshire Fenslands. Although difficult to gauge numbers to a degree of accuracy, experts estimate that in and around the town of Spalding the early spring of 1939 will see 300,000,000 blooms of tulips.

Daffodils and tulips are grown to perfection in Great Britain and there is no logical reason why British gardens should not be ablaze with British flowers.

Oh! Such desirable lips...

Affame with the witchery of a million lights dancing on their cunning, jungle redness... sweetly tender and lusciously soft in the glow of their caress... and never do they betray, with tell-tale marks, the caprices of their enchanting colour so readily provoked... for SAVAGE is a truly "permanent" lipstick! It clings savagely. Five shades: TANGERINE, FLAME, NATURAL, BLUSH, JUNGLE.

BRITISH CAR FOR KING OF GREECE

To the long list of Royal Warrants held by Hooper & Co. (Coachbuilders), Ltd., of London, has been added the name of H.M. The King of Greece, for whom an enclosed limousine is being built on a Daimler Straight-Eight long chassis. It is interesting to recall that the firm received their first Royal Warrant from Queen Adelaide in 1830.

LONDON, Feb. 24 (BWS)—The Minister of Agriculture announced in the House of Commons that the Government had reached the conclusion that it was necessary to give additional assistance to barley and oats and proposed, when a long term policy has been finally settled, it should be applied retrospectively to both these cereals in respect of 1938 crops.

SOFTBALL NOTES

LADIES' MATCHES MAIN
ATTRACTION TO-MORROWMen's League In Abeyance:
Four Hong Games On Card

(By "R.O.Y.")

Although two Men's League matches are included in to-morrow's softball programme, little interest is being taken in the remaining games of this section, until the play-offs, between the Chinese Baseballers, Midgates and Recreio, take place. Fans are promised excellent entertainment, however, by the three ladies' matches which will be played in the morning, as the outcome of the two games on the Filipino ground will probably indicate the eventual destination of the Southard Shield.

Four Hong matches are also to be decided and will be of sufficient interest to repay the fans who are willing to take the journey out to the La Salle, R.A.F., and Kai Tak grounds. The full programme is as follows:

FILIPINO GROUND

Cardinals v. Wahos, 10.00 a.m.
Wildcats v. Canadian Chinese,
11.15 a.m.
Kai Tak v. American Express,
2.15 p.m.

RECREIO GROUND

Recreio v. Baby Panthers, 10.30 a.m.

C.B.A. GROUND

3rd M. G. Coy. v. English Forum,
12.30 p.m.
Central British v. Filipino Club,
1.45 p.m.

LA SALLE GROUND

Socony v. China Underwriters,
11.00 a.m.

R.A.F. GROUND

Greenspots v. Royal Air Force,
10.00 a.m.

KAI TAK GROUND

Hongkong Bank v. National City
Bank, 2.30 p.m.

The league-leading Wahos are expected to have the better of the Cardinals who, after a grand start, have dropped their last two games in a row. The Green Owls are freely tipped to cop the Ladies' pennant, but to do so must dispose of the Cards who will put up plenty of opposition in an effort to re-establish themselves as pennant contenders.

The Wildcats, who are on a level footing with the Wahos, have a hard nut to crack in the Canadian Chinese lassies, but should just about take the honours if they can reproduce their brilliant form of last week.

MAPLE LEAFS HAVE CHANCE

The Maple Leafs unexpectedly lost two games at the beginning of the season, but appear to have pulled themselves well together to win their last four outings in convincing fashion; they still have a chance for premiership honours, but only if they win this match and the Cardinals oblige by defeating the Wahos.

Recreio girls have not done anything startling of late, but should have little difficulty with the Baby Panthers who, although in no danger of being wooden spoonists, have definitely settled down in the lower division of the league. It must be admitted though that the Panthers will be a squad to be reckoned with, when they become a little more seasoned.

MEN'S LEAGUE

The Machine Gunners take on the Forumers in the first men's game, but unless they can field a full squad, are not expected to prevent the Forumers from chalk-ing up some easy points. These two teams are playing their last fixture and the honour of climbing over the other in the league standings, should provide a big incentive for both to play head-up ball.

The Filipino-Central British clash will be the replay of their

previous unfinished match; on that occasion the Filipino boys were streets ahead when play stopped, and although the Central Britishers have improved since and will put up a better show, the Filipinos should consolidate their fourth place standing.

WAYFOONG TO WIN

The best of the Hong matches should be the clash between the two banking squads; Wayfoong should account for National City but fans can be sure of witnessing a battle-royal before the final decision is reached.

The Socony-China Underwriters match should also be fairly close, as although the Flying Horsemen are the heavier hitting gang and are expected to chalk up another win, the Underwriters are very steady defensively and only need the breaks to hold the Others down.

Two hard hitting squads will go into action when the Greenspots meet the Royal Air Force. The Dairy Farmers, being a better balanced squad, should take home the bacon, but will have to hold down Home Run Stewart whose hitting is liable to break any game up; the other Flying Waddies are not expected to cause very much trouble.

Form spotters will agree that the Kai Tak-American Express match, as a match should prove to be a good guessing competition; not as to who will win but as to by what margin Kai Tak will win. The Airporters ran out with a 20 run lead against the Royal Air Force who in turn trounced the American Express boys by 30 tallies. On that reasoning, Kai Tak are the better team by 50 runs! Figure it out for yourself.

REFEREE
STOPS
TITLE BOUTBOON RETAINS
CROWN

LONDON, Feb. 23 (Reuter).—At Harringay Arena to-night, 13,000 boxing enthusiasts saw Eric Boon retain the British light-weight title by beating Arthur Danahar in one of the most thrilling fights seen in Great Britain.

The referee stopped the bout in the fourteenth round. The fight was to be over 15 rounds.

Both fought tooth and nail after the eighth round, which was the crux of the whole fight. Until then, Danahar, boxing coolly and calmly in the old-time British upright position, scored innumerable lefts and rights and was leading on points. Then suddenly Boon landed a hard right to the jaw, flooring Danahar for a count of nine.

The challenger rose, but a right and a left felled him again for a count of nine. Although groggy, he just weathered the round.
